

Recommendation Letter

To Whom It May Concern

It is a great pleasure that I write this recommendation letter for Ruslan Masimov to support his application for your admission program. I have known Ruslan for nine years and Ruslan is one of the most intelligent and hardworking students at our school. He continues his education at our school and I was delighted to observe his development as a successful student. By considering his achievements at school, I can firmly say that he is the right candidate for your program.

Ruslan has been a responsible, far-sighted, hardworking and enthusiastic student. Throughout his study years, he has been one of the active and energetic students of the school. He has an eagerness to learn the topics that are covered in a lesson with deeper insight. He supports and motivates his friends as well. Ruslan does not like to skip classes and always comes prepared for the lesson. I truly admire his passion and commitment towards his studies that make him put great effort into all of his tasks. Although Ruslan is still young and inexperienced, he has a greater vision than most of his classmates. I have always got positive feedback from his teachers. It gives me great pleasure to have such a bright student.

I am well aware of the significance of this admission program to his future life and career; therefore, it is important for me to support his candidacy by writing this letter. It is my pleasure to confirm his immense capacity and interest in this program and assure you that he will be a great talent to your admission program. In case of any additional information regarding his background, please do not hesitate to contact me.

Best Regards,
